X	PRODUCT AND/OR SERVICES REQUESTED	Price	TOTAL
	Standard 12" x 24" digitally printed magnetic car signs with high-gloss, scratch-resistant lamination	\$49.95 ea.	\$
	Design & Layout (one-time fee; not required on re-orders of same design)	\$99.00	\$

These are not your typical magnetic car signs!! Instead, our signs are fully photographic digital prints, which may include your photograph, graphics and as many colors as you can imagine! The same high-impact graphic standards you've come to expect from FlyersToYou can now be printed directly onto a magnetic car sign with incredible results.

Once we have your layout ready, your signs will be printed on an industrial inkjet printer using fade-resistant ultra-violet inks. The results are stunning! Most of our customers love having their car signs match their other branded items, from business cards, postcards, brochures and even their custom digitally printed "For Sale" signs. In this way, they're able to maintain brand consistency across all marketing collateral

Please list any additional notes, diagrams or other information which may be helpful in completing your design:
IMPORTANT: We recommend that you measure the location on your vehicle where these signs are to be placed in order to ensure a proper fit.
