	I wish to use a FlyersToYou postcard template (view online at www.FlyersToYou.com)		\$49.00

Our postcard templates are the nicest and most effective real estate templates available bar none! Each has been carefully designed in order to produce outstanding results! They are laid out in full-color (on BOTH sides!) and allow for simple placement of your photo and contact information for a fully personalized marketing campaign.

	I prefer to have a fully customized "one-of-a-kind" postcard designed by FlyersToYou.com	\$139.00
--	--	----------

They don't get any better than this! While slightly more expensive on the front-end due to completely customized graphics, there isn't a real estate marketing piece that even comes close in conveying your marketing message in a distinctly professional manner. These layout fees are one-time fees and will not be charged again when reordering unless revisions are necessary.

NOTE: These fees do not include personal photo 3D-cropping or the creation of a personal name logo, but will include those design components if already complete. Call for more information. Complete mailing services available!

Custom Postcard Layout Sheet

If you already have some idea of how you want your postcards to look or information to be included, please use the following diagrams to help convey those thoughts to us. We promise not to tease you about your “doodling skills” <smirk>. It just helps us achieve the results you’re looking for in a faster and more efficient manner. We may also require that you have available for us a high-resolution graphic of your company logo or other artwork necessary to complete your design. If you have any questions, please give us a call.

IMPORTANT: Even on custom layouts, we try to keep revisions down to a minimum. Our standard pricing includes up to 1-½ hours of custom graphic design work. Any revisions beyond that will be billed at our standard hourly rate of \$125.00 per hour. Therefore, it’s important to communicate your ideas and information as accurately as possible the first time around.
